## MCDF Cultivation Level Classes

For dancers age 8 and older, our Cultivation Level Classes offer an opportunity to delve deeper into dance technique and skills. While some combo classes are available, the focus is primarily on single-style dance classes. Dancers at this level can choose from a variety of styles, without the expectation of a major commitment. Prior experience is beneficial but not expected or mandatory. Some students attend one class per week, while others participate in multiple styles on various days. This level serves as a stepping stone for some dancers, while others, who may have more outside commitments, find it to be a satisfying long-term option.

**Fundamentals 1** - A combination ballet / tap class (Ages 8 - 10)

**Fundamentals 2** - A combination ballet / tap (Ages 8 - 10)
