Message from the Director

I wanted to take a moment to personally encourage everyone to make sure you are using the MCDF App and that you accept your group invites once you log in. As the studio grows and our season gets busier, it is very important to me that our families always feel informed, connected, and supported. The app helps make that possible. When you join your student's specific group, you will receive tailored push notifications, reminders, and updates that are directly related to your dancer and their classes.

I truly care about making sure parents have the information they need when they need it. The app allows us to communicate more clearly and make sure nothing important gets missed. Please take a moment to check that you have accepted your group invites so you can receive all the updates meant just for your family.

I'm excited for you to explore everything the app has to offer, and I appreciate you being such an important part of the MCDF community.

Ms. Camille

Student Spotlight

Alonna Nellon - Class of '26

Alonna is a senior at Sterling Heights High School and currently has an impressive 3.8 GPA! During her time in high school, she has challenged herself academically by taking Advanced Placement (AP) classes while staying actively involved in many school activities. She has been a member of the dance team, cheerleading team, track team, and the yearbook staff, making the most of her high school experience.

Alonna has also been part of the Motor City Dance Factory family for the past five years. During her time at MCDF, she has grown as a dancer and built many meaningful friendships within the studio community.

This fall, Alonna will attend the University of Michigan, where she plans to pursue a career as a dermatologist. We are proud to celebrate Alonna and look forward to seeing all that she accomplishes in the future.
